

Media Release

Final asphalt for Darlington Upgrade Project

As part of the Darlington Upgrade Project, night and weekend works will be undertaken in the lowered motorway and on South Road to install the final layer of asphalt and line marking.

These works, which are required to complete the Darlington Upgrade Project, will commence at 8pm Monday, 9 November and take approximately three weeks to complete, weather permitting.

Varying temporary lane closures and traffic restrictions will be in place along the lowered motorway and South Road to allow the works to be undertaken, and are planned for the following times:

- 8pm Monday, 9 November 2020 – 6am Tuesday, 10 November
- 8pm Tuesday, 10 November – 6am Wednesday, 11 November
- 8pm Wednesday, 11 November – 6am Thursday, 12 November
- 7pm Thursday, 12 November – 6am Friday, 13 November
- 6am Friday, 13 November – 8pm Friday, 13 November
- 8pm Friday, 13 November – 6am Monday, 16 November
- 8pm Monday, 16 November – 6am Tuesday, 17 November
- 8pm Wednesday, 18 November – 6am Thursday, 19 November
- 4pm Thursday, 19 November – 8pm Thursday, 19 November
- 8pm Thursday, 19 November – 6am Friday, 20 November
- 6pm Friday, 20 November – 6am Monday, 23 November
- 8pm Monday, 23 November – 6am Tuesday, 24 November
- 6pm Saturday, 28 November – 6am Monday, 30 November

These work dates are weather dependent and could be rescheduled in the event of forecast rain. For updates on the works, including summaries and maps of the changed traffic arrangements in place for each of the above work hours, please visit www.dit.sa.gov.au/darlington

Please plan ahead, allow extra travel time and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the areas.

To ensure the safety of all road users, speed and lane restrictions will remain in place outside of the hours of works.

Once the works are complete, speed restrictions will remain in place along the newly resurfaced section for approximately six weeks, to enable excess bitumen to be worn to a safe level prior to the posted speed limit being reinstated, weather permitting.

The final coat of line marking is expected to be undertaken in early 2021.
