

Glen Osmond Road, Kenilworth Road and Young Street Intersection Pedestrian Improvements

Concept Design

The Department for Infrastructure and Transport (the Department) will be undertaking works to improve safety at the pedestrian crossing on Glen Osmond Road, adjacent Parkside Primary School.

The project is one of eight locations across South Australia identified for upgrade as part of the broader strategy to improve road safety for all pedestrians but in particular children walking to and from school.

The upgraded crossing will improve access to local schools and contribute to improved safety for all pedestrians crossing Glen Osmond Road. Safety improvements will include:

- realigning the pedestrian crossing on Glen Osmond Road at Kenilworth Road;
- widening the pedestrian island adjacent Parkside Primary School;
- installation of new “Keep Clear” line marking across Glen Osmond Road at Kenilworth Road;
- upgraded road lighting; and
- new pedestrian fencing.

Following extensive planning, the Department has released a proposed concept design for the Glen Osmond Road, Kenilworth Road and Young Street pedestrian improvements. We invite the community to view the proposed concept design, overleaf and on the project website (www.dit.sa.gov.au/ParksideCrossing).

Feedback on the safety improvements will be open until Sunday, 24 September 2023. You can provide your feedback by emailing DIT.Engagement@sa.gov.au or by calling 1300 794 880.

Works are expected to commence in late 2023 and be completed in early 2024.

If you have any questions or would like to speak to a member of the project team, please call 1300 794 880 or email DIT.Engagement@sa.gov.au

Kind Regards,

Glen Osmond Road, Kenilworth Road and Young Street Intersection Pedestrian Improvements
