

Adelaide Hills Productivity and Road Safety Package

Works notice – North East Road and Torrens Valley Road

We are delivering the Adelaide Hills Productivity and Road Safety Package to upgrade key strategic arterial roads in the region

The \$150 million initiative is jointly funded by the Australian Government (80%) and South Australian Government (20%) over five years.

What's happening

We are commencing works on the North East Road and Torrens Valley Road safety upgrades. Early works, including site establishment, service locating, surveying and vegetation management will commence from July 2025.

Major works will commence in July 2025, with completion expected in mid-2026.

How this affects you

To do this work safely, there will be speed and lane restrictions in place. Please follow onsite signage and observe the directions of onsite traffic controllers. During major construction short-term road closures will be required with advance notice provided.

Regular night works will also be undertaken throughout construction. Some noise can be expected, but we will minimise any disturbance to residents as much as practically possible.

Access to properties will be maintained, however if short term access restrictions are required impacted residents will be contacted directly.

We thank you for your understanding while we undertake these important safety upgrades.

When

From July 2025 until mid 2026

Hours of work

Day works

Monday to Friday 9am-4pm

Saturday 9am to 5pm

Night works

Sunday to Friday 7:30pm to 6am

Where

North East Road and Torrens Valley Road between Houghton and Gumeracha
