

South Australian Regional Bridge Upgrades

Light River culvert and Marrabel Road/Curio Road junction upgrade

The Department for Infrastructure and Transport (the Department) is upgrading a series of bridges and culverts across regional South Australia to extend the service life of the structures and improve safety for road users.

As part of this program, the Department is replacing the culvert over Light River on Marrabel Road and upgrading the junction at Marrabel Road and Curio Road, Marrabel.

These works are jointly funded by the Australian and South Australian governments as part of the Heavy Vehicle Safety and Productivity Program.

Major works will commence from **Monday, 6 February 2023, with project completion expected in mid-2023, weather permitting.** Works will be undertaken Monday to Saturday, between 7am and 5pm, until the completion of the project.

The works will include replacing the existing culvert with a wider structure, installing new safety barriers, the introduction of new turning lanes at the Marrabel Road and Curio Road junction, and vegetation management and removal.

To safely facilitate these works, traffic will be reduced to a single lane on Marrabel Road and Curio Road near the junction with temporary traffic signals in place to control the direction of traffic. Speed restrictions will also be in place throughout the work area for the duration of the project. Please see map overleaf for details.

What to expect

Road users are asked to please plan ahead, allow extra travel time and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Access for emergency service vehicles will be maintained at all times during the works.

Access to properties will be maintained throughout the works, wherever possible, with advance notice provided if there is a need to temporarily restrict driveway access.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents, as much as practically possible.

Important information for heavy vehicles

To facilitate heavy vehicle or oversize vehicle access through this area **please call 0497 965 118 in advance.**

For information regarding permits and potential changes to requirements please refer to the National Heavy Vehicle Regulator (NHVR) website or email info@nhvr.gov.au
