

Hahndorf Township Improvements and Access Upgrade

Site investigation works

The Department for Infrastructure and Transport (the Department) will be undertaking site investigation works as part of the Hahndorf Township Improvements and Access Upgrade Project.

Upcoming works

Site investigation works will be undertaken:

- along Mount Barker Road between Silver Road near Verdun Interchange and Windsor Avenue, Hahndorf; and
- in the vicinity of the Mount Barker Interchange.

Works will involve services potholing and pavement coring to better understand the underground services and existing pavement and inform the project's detailed design.

These works are scheduled to commence from **Wednesday 19 April 2023 and expected to be completed late-May 2023**, weather permitting. The majority of works will be undertaken during the day between **9am and 5pm, Monday to Friday**.

To minimise disruption to road users and businesses, works undertaken along the Hahndorf Main Street (Mount Barker Road) and in the vicinity of the Mount Barker Interchange will be undertaken at night between **7pm and 6am, Monday to Friday**. There will be no works on Saturday and Sunday nights.

Some noise disturbance can be expected at times during these works, however the works will be managed to minimise disturbance to nearby residents and businesses, as much as practically possible.

To safely facilitate these works, speed and lane restrictions will be in place during the investigation works. Please plan ahead, allow extra travel time and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Access to properties and businesses in the area will be maintained at all times during works.

The Department appreciates your patience while these important works are undertaken.
