

# Waterloo Corner Road Resurfacing Works

## Works Notice

Works are continuing on Waterloo Corner Road improving road safety and surface quality. The works involve removing the existing pavement and replacing it with new asphalt, and shoulder improvement works.

### What's happening:

In February 2024, we completed resurfacing works on Waterloo Corner Road, between Heaslip Road and Bolivar Road, Burton. Shoulder works will now be undertaken in this area from Tuesday 2 April 2024.

Further resurfacing works, between Bolivar Road and Ascot Drive will also be undertaken, commencing Sunday 7 April 2024.

Speed restrictions may be required until line marking is fully complete which is expected by mid-April.

### How this affects you:

To do this work safely, **Waterloo Corner Road will be closed between Bolivar Road and Ascot Drive with a detour in place at night during work hours.**

**Waterloo Corner Road between Heaslip Road and Bolivar Road will remain open to traffic**, with speed and lane restrictions in place while works are underway.

Outside of working hours, speed restrictions will need to remain in place, until works are completed.

Please follow traffic management directions while works are in progress. Local access will be maintained during the works; however, some short-term property access and on-street parking may be impacted. The project team will contact affected properties directly in advance.

Pedestrians and cyclists will also need to use a different path during the works; however, signs will show you where to go. Access for emergency service vehicles will be maintained at all times.

#### When

Tuesday 2 April 2024 to mid-April 2024 (weather permitting)

#### Hours of operation

Sunday to Friday  
7pm to 6am

#### Where

Waterloo Corner Road,  
Burton from Heaslip  
Road to Ascot Drive

Government  
of South Australia

Department for Infrastructure  
and Transport

## OFFICIAL

Bus stops in the area might be affected for a short time. Please pay attention to the signs at the bus stops and check the latest updates at [adelaidemetro.com.au](https://www.adelaidemetro.com.au) for more information.

During the works there might be some noisy disruptions from time to time, but we'll do our best to keep the noise to a minimum. You might also notice some odours, which is normal during asphalt work.

For any traffic management queries during the night time working hours please contact the Department's contractor, Downer **1300 012 413**.
