

# Brighton Road and Edwards Street Junction Upgrade

## Night works and temporary Edwards Street closure

The Australian and South Australian governments are upgrading the Brighton Road and Edwards Street junction at South Brighton.

### What's happening:

Works are beginning to ramp up at the junction with night works continuing and day works as required until project completion (expected third quarter of 2024). Over the coming months, the temporary closure of Edwards Street at the junction of Brighton Road will be required to safely undertake the following night works:

- Traffic signal conduit works on Edwards Street on **Sunday 28 April and Monday 29 April 2024**.
- Drainage works and other roadworks including the installation of new traffic signals in the junction from **Sunday 12 May to Friday 24 May 2024**.

### How this affects you:

To keep you safe during these works, temporary detours will be in place at night. Please refer to the detour map overleaf for details.

Observe speed limits, detour signage, lane restrictions and traffic controllers when travelling through the area. Please plan ahead and expect some delays.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

Access to properties will be maintained throughout the works wherever possible, with advance notice provided if there is a need to temporarily restrict driveway access.

Local business access will be maintained at all times.

Brighton Road will remain open to traffic at all times with speed and lane restrictions in place while works are being undertaken.

Outside of working hours speed restrictions will remain in place.

#### When

Night works Sunday to Friday, weather permitting.

No works will be undertaken on Saturday nights, with intermittent Friday night works, where required.

#### Hours of operation

7pm to 6am

#### Where

Along Brighton Road and Edwards Street close to the intersection.

Australian Government

Government of South Australia

Department for Infrastructure and Transport
