

# Adelaide Hills Productivity and Road Safety Package

## Onkaparinga Valley Road - Works notice

We are delivering the Adelaide Hills Productivity and Road Safety Package to upgrade key strategic arterial roads in the region. The road improvements will support economic growth, improve road safety, and increase fire resilience.

### What's happening:

We are undertaking minor road safety works at various locations along Onkaparinga Valley Road between Riverview Road, Woodside and Beaumont Road, Verdun. Works will include roadside furniture installation such as guide posts, shoulder work as well as minor earthworks.

### How this affects you:

There will be changes to traffic conditions to keep everyone safe.

Traffic will be reduced to a single lane with traffic controllers onsite to control the flow of travel. Please follow traffic management directions and onsite signage while works are in progress. Outside of work hours, Onkaparinga Valley Road will fully re-open, with speed restrictions in place.

Access to properties and businesses along Onkaparinga Valley Road will be maintained during the works wherever possible, with advance notice provided if there is a need to temporarily restrict driveway access.

Pedestrians and cyclists might also need to use a different path while works are underway; however, signs will show you where to go.

During these works, there might be some noise disruptions from time to time, but we'll do our best to keep the noise to a minimum. You might also notice some odours, which is normal during asphalt work.
