

## Gawler Rail Electrification Project

## Temporary weekend closures of the footbridge between Middle Row and Langford Terrace, Salisbury

The Australian and South Australian governments are jointly funding the \$715 million electrification and modernisation of the Gawler rail line to deliver a faster, cleaner and more reliable service, delivering an electrified network through Adelaide from Gawler to Seaford.

As part of this project, a temporary closure of the footbridge between Middle Row and Langford Terrace, Salisbury is required to allow for the installation of bridge safety screens.

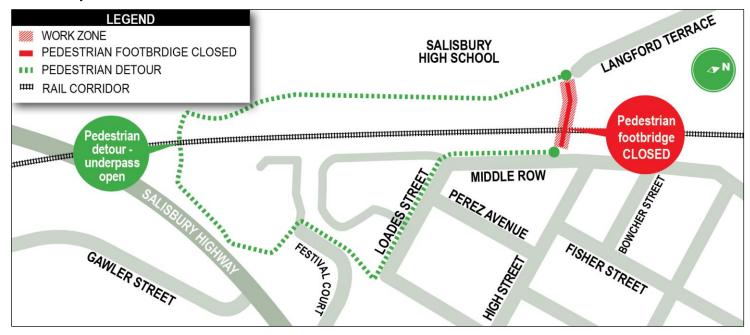

When: Works will take place on weekends only, at the following times:

- 6am to 6pm, Saturday, 16 October and Sunday, 17 October 2021; and
- 6am to 6pm, Saturday, 23 October and Sunday, 24 October 2021, weather permitting.

To safety facilitate these works, the footbridge will be temporarily closed at these times. It will be reopened at the completion of each work shift.

**Location**: Works will be undertaken on the pedestrian footbridge between Middle Row and Langford Terrace, Salisbury (refer to map).

**Pedestrian access and detours:** Some temporary pedestrian detours will be in place around the works site and pedestrians are advised to follow directional signage. Every effort will be made to minimise impacts to the community.

What you can expect: Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible. Construction plant and equipment including a crane and other construction vehicles will be used on site.

If you have any questions or would like to speak to a member of the project team, please call 1300 080 834 or email: dit.gawlerelectrification@sa.gov.au

The Department for Transport and Infrastructure appreciates your co-operation and patience while these important works are undertaken.

Kind regards

**Gawler Rail Electrification Project Team**
