

Adelaide Hills Productivity and Road Safety Package

Main Road, Cherry Gardens

As part of the State Government's election commitments, the Department for Infrastructure and Transport (the Department) is planning safety upgrade works on Main Road, Cherry Gardens. This project forms part of the \$150 million Adelaide Hills Productivity and Road Safety Package, which includes a range of road improvements to support economic growth, improve road safety and increase fire resilience in the Adelaide Hills.

Further investigation activities are planned that will include vegetation surveys and culverts and drainage assessments and cleaning.

What to expect

These activities will be undertaken along Main Road, between Black Road and Chandlers Hill Road. Works will move intermittently between survey locations.

Works are scheduled to commence from **Thursday, 21 September 2023** and are expected to be complete in **late October 2023** (weather permitting).

Works will be undertaken Monday to Friday between **9am** and **4pm** (weather permitting). Some works may be required on Saturday between 9am and 3pm.

No works will be undertaken on Sundays or on the Labour Day public holiday Monday, 2 October 2023.

To safely undertake these works, some short term speed and lane restrictions will be in place, intermittently as required on Main Road during work hours. Please plan ahead, allow extra travel time and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Local access to properties will be maintained throughout the work area, with advance notice provided to residents if there is a need to temporarily restrict driveway access.

Some noise disturbance can be expected at times while these activities are being undertaken, however the work will be managed to minimise disturbance to nearby residents as much as practically possible.

The Department appreciates your co-operation and patience while these important works are undertaken.
