

Grange Road, Holbrooks Road and East Avenue Intersection Upgrade

Night Works

We are upgrading the intersection of Grange Road, Holbrooks Road and East Avenue to relieve congestion and improve safety and connectivity for all road users at this location.

What's happening:

To assist with project planning & design, ground investigations works will be undertaken in the vicinity of the intersection.

To minimise the impact on road users, the works will occur at night between 7pm and 6am from **Wednesday 10 April to Friday 12 April 2024**.

How this affects you:

To do this work safely, temporary lane and speed restrictions will be in place.

Please plan your trips, be cautious around workers and observe signage.

Some noise disturbance can be expected at times while these activities are being undertaken, however the work will be managed to minimise disturbance to nearby residents as much as practically possible.

We will keep you up to date as the project progresses. To receive project updates you can register via the QR code or by contacting us via any of the below options.
