

Golden Grove Road Upgrade Project – Stage Two

Works Notification

Dear Resident/Property Owner/Business Owner,

The Department for Infrastructure and Transport (the Department) would like to advise of the commencement of construction works for Stage Two Golden Grove Road Upgrade Project.

On 22 October 2020, the South Australian Government announced a \$30 million commitment to deliver Stage Two of the Golden Grove Road Upgrade Project. In addition, upgrades will be undertaken at the Grenfell Road/Golden Grove Road, Milne Road/Golden Grove Road, and North East Road/Modbury Avenue/Golden Grove Road intersections, to allow for priority bus 'jump' movements along Golden Grove Road. (*please refer to the attached locality map*).

The Golden Grove Road Upgrade Project is being delivered in two stages:

Stage One - One Tree Hill Road to the north side (Kunzea Way) of the signalised intersection of Golden Grove Road/The Grove Way/Yatala Vale Road. **(Expected completion late 2020)**

Stage Two - Park Lake Drive to the north side of the signalised intersection of Golden Grove Road/The Grove Way/Yatala Vale Road. **(Expected completion third quarter 2021)**

Intersection Upgrades: Concept Design works are continuing. Updates will be provided in the coming months. **(Works are expected to commence mid-2021 and estimated for completion in late 2021).**

Upcoming Stage Two works:

The main site office will remain at its current location north-east of the newly constructed Hancock Road/Golden Grove Road roundabout. A satellite site office will be established in close proximity to Highgrove Road along the verge on the western side of Golden Grove Road.

Survey and preliminary investigation works have already commenced in preparation for major construction works, which will also include:

- Completion of satellite site establishment and service relocation works;
- Vegetation removal and management; and
- Earthworks and drainage works.

BUILDING
WHAT MATTERS

Impacts to vegetation have been assessed throughout the design development process and alternative options were considered and adopted, where feasible, to minimise impacts on regulated and significant trees, and other vegetation. To offset the loss of trees and vegetation, the Department has made a financial contribution towards City of Tea Tree Gully's revegetation program in accordance with offset requirements of the Department's Vegetation Removal Policy. For more information regarding this policy and to look at our Vegetation Fact Sheet, please visit our website on www.dit.sa.gov.au/golden_grove_road_upgrade

Traffic Management: Speed and lane restrictions will apply in the vicinity of the works, with traffic management in place to advise motorists of the detours and changed traffic conditions. Please plan ahead, allow extra travel time and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area. Access to businesses and properties will also be maintained. Advance notice will be given if there is a need to temporarily restrict driveway access.

Please note, at times during construction works, some bus stops along Golden Grove Road, The Grove Way and Yatala Vale Road may require temporary relocation. Advance notice of any temporary changes will be provided at bus stops and on the Adelaide Metro website (www.adelaidemetro.com.au) when required.

For real time roadwork information download the AddInsight app for Apple or Android or visit the Traffic SA website at www.traffic.sa.gov.au

Pedestrians are requested to observe signage of path closures and advised not to enter areas fenced off for project works.

Stage Two of the project will support around **70 full time equivalent jobs** per year over the life of the project.

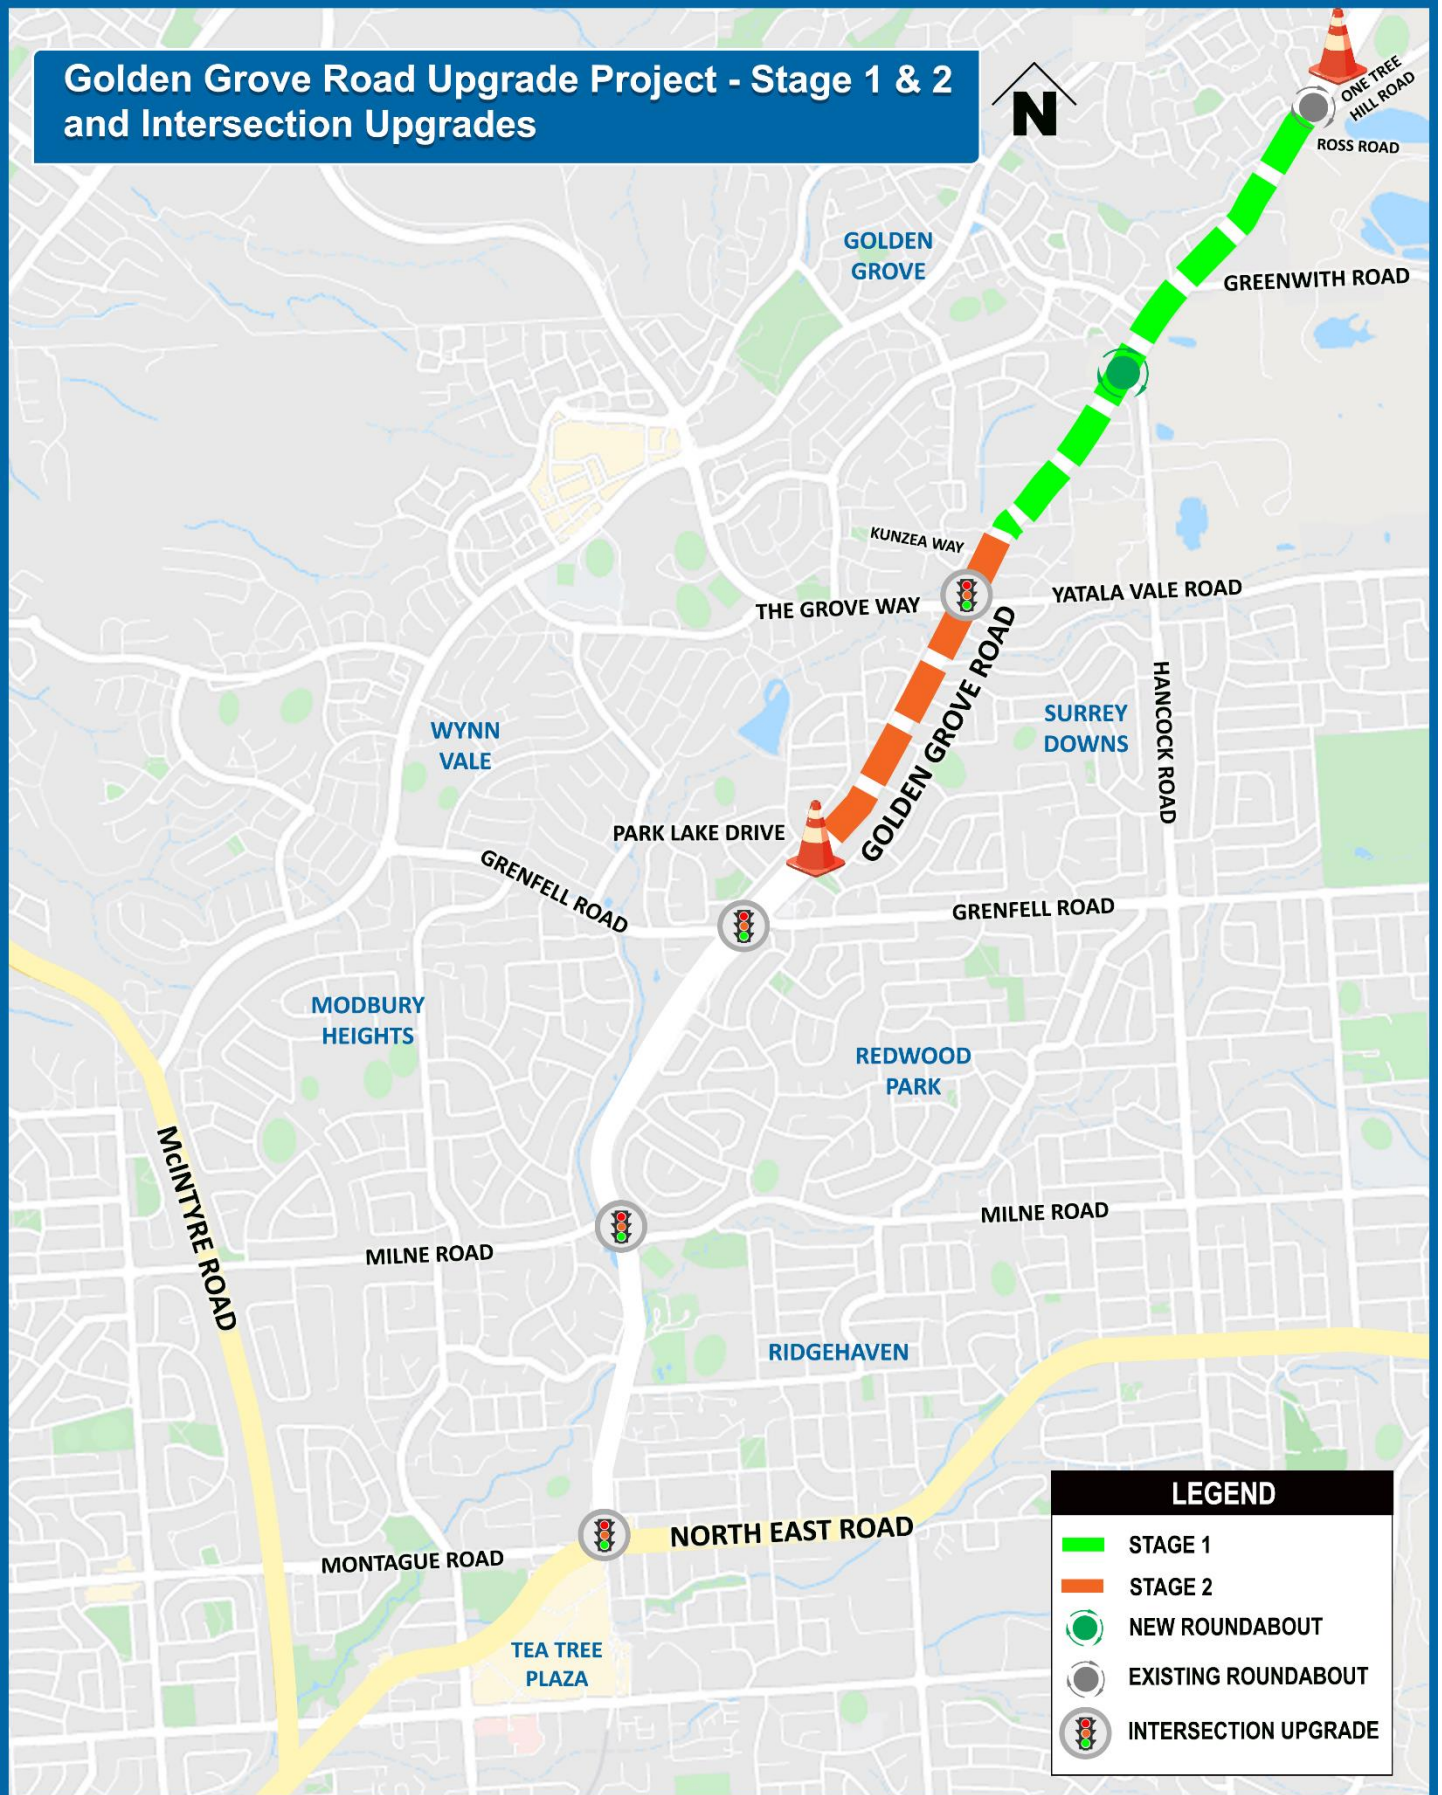

Christmas/New Year: The Golden Grove Road Upgrade Project roadworks will take a short break from 23rd December 2020 to early January 2021 with no major construction works planned to be undertaken during this time. However, if an emergency arises there may be works during the public holidays. The project information line will remain operational during the break.

Further information: If you have any questions or would like to speak to a member of the project team, please call 1300 794 880 or email: dit.ggrup@sa.gov.au. To register for project updates or to find out more information, please visit: www.dit.sa.gov.au/golden_grove_road_upgrade

Thank you for your patience and cooperation while these works are being undertaken.

Kind Regards
Golden Grove Road Upgrade Project Team
