

Cross Road and Fullarton Road Intersection Upgrade

Urrbrae Gatehouse – Works Notification Update

Due to design of the new Cross Road and Fullarton Road intersection, the heritage listed Urrbrae Gatehouse could not be retained in its original location. After considering feedback from the broader community and The University of Adelaide, the Department for Infrastructure and Transport is relocating the Gatehouse to a new site on Claremont Avenue, Urrbrae.

Works are progressing to rebuild and repurpose the Gatehouse in its new location within the University of Adelaide Waite Campus, along Claremont Avenue, Urrbrae.

Concrete foundation works for the Gatehouse will now be undertaken between **4am and 8pm on Wednesday, 24 May 2023**, weather permitting. You will note that we previously advised that works would take place on 19 May 2023. The change in date has occurred due to a change in weather forecast.

What to expect

Temporary lighting will be in place with concrete trucks accessing the site via Claremont Avenue during the works. Access along Claremont Avenue will remain open to traffic at all times. Speed and lane restrictions may be in place in the vicinity of the works. Please take extra care when workers are on site and observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents as much as practically possible.

Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access. Where required, signage will be in place to direct pedestrians and cyclists to alternative access and/or detours.
