Adelaide Road, Mount Barker Roundabout Upgrade Project

The South Australian Government has committed $40 million to upgrade the roundabout located at the intersection of Adelaide Road, Alexandrina Road, Wellington Road, and Flaxley Road in Mount Barker.

This upgrade has been identified as a priority within the Mount Barker Infrastructure Deed and will support nearby residential developments occurring within the Mount Barker Urban Growth Area and the broader Mount Barker area.

Why are these upgrades planned?

Traffic volumes on these roads and the associated delays are expected to increase significantly as a result of development occurring throughout the Mount Barker Urban Growth Area, particularly during the peak periods.

The upgrade aims to ensure safe and efficient access for all road users. It includes the provision of additional lanes, shared use paths and road lighting improvements.

The intersection upgrade aims to deliver enhanced traffic capacity to cater for increased demand and complement other infrastructure upgrades being undertaken in the area.

Have your say

In addition to technical and safety considerations, community engagement is an important part of the project.

At this stage we are seeking local insights to help inform the planning and design process. These insights will be used to help develop the roundabout design.

You can provide your insights:

Online

Please scan the QR code to provide your insights via a short online survey.

Face-to-face

You are invited to attend one of the drop-in listening posts.

Please register your interest for the drop-in sessions via the QR code below.

Mount Barker Central Shopping Centre, 13-15 McLaren St, Mount Barker on:

o **Thursday, 19 October:** drop in anytime between 4pm and 7pm; and
o **Saturday, 28 October:** drop in anytime between 11am and 2pm

Keith Stephenson Park, Adelaide Road, Mount Barker in the car park on:

o **Saturday, 21 October:** drop in anytime between 10am and 1pm

Via phone or email

Alternatively, please get in touch with the project team and give your feedback via phone or email using the contact details below.

Please provide your feedback by Sunday, 12 November 2023.
