

# Temporary closure of Taunton Road and Hampstead Road intersection

## Road resurfacing works

**We are undertaking night works to improve road safety and network reliability**

### What's happening

Resurfacing works on Taunton Road, Vale Park and Ascot Avenue, Lower Portrush Road, Marden are almost complete, with Taunton Road recently reopening to traffic.

Some minor finishing and line marking works are now required.

These works will improve the safety and amenity of the road for all users.

### How this affects you

Some speed and lane restrictions will be required while works are underway. Please follow traffic management directions while works are in progress.

Please plan your trip, observe signage and follow the direction of onsite traffic controllers.

Outside of working hours, lane restrictions will be removed. Speed restrictions may be required until line marking is fully complete which is expected by mid-July 2025, weather permitting.

Should temporary property access restrictions be required, impacted residents will be contacted directly in advance.

Thank you for your patience and cooperation as we undertake these important upgrades.

#### When

Ongoing to late-July 2025, weather permitting

#### Hours of work
