

Adelaide Hills Productivity and Road Safety Package

Balhannah Intersection Upgrades Project Update – September 2025

We're delivering safety and productivity upgrades in Balhannah.

These upgrades are funded under the \$150 million Adelaide Hills Productivity and Road Safety Package, which is jointly funded by the Australian (80%) and South Australian governments (20%) over five years.

What's happening

We are constructing a single-lane roundabout at the intersection of Onkaparinga Valley Road, Junction Road and Nairne Road, Balhannah.

Major works are commencing from early September 2025, with project completion expected in mid-2026, weather permitting.

We are also upgrading the junction of Junction Road, Jones Road, and the railway crossing, with new line marking and signage.

This work will be undertaken concurrently with the roundabout.

How this affects you

To help keep everyone safe, speed and lane restrictions will be in place, including outside of work hours as required. At times, local detours will be required but we will provide advance notice of these.

Please plan your trips, be cautious near workers, and follow onsite signage.

Access to businesses and surrounding properties will be maintained. Any temporary impacts to on-street parking during construction will be discussed in advance with the local businesses affected.

Temporary pedestrian detours may be in place, with onsite signage guiding you to alternate routes. Minor noise disturbances are expected during works, but we will minimise any disruption to residents as much as possible.

Advance notice for any night works will be provided to the community.

Thank you for your patience while we deliver these important safety upgrades.

When

From early September 2025 until mid-2026, weather permitting

Hours of work

Monday to Saturday

7:00am until 5:00pm

Sunday and night work may be occasionally required

Where

The intersection of Onkaparinga Valley Road, Junction Road and Nairne Road, and the junction of Junction Road and Jones Road, Balhannah
