

# Gorge Road and Silkes Road Junction Upgrade

## Upcoming night works

The Department for Infrastructure and Transport (the Department) will be improving safety and traffic flow at the junction of Gorge Road and Silkes Road, Paradise. This \$3.6 million project is being delivered by the State Government to improve safety for all road users.

As part of the project, trenching works will be undertaken at the Gorge Road/ Silkes Road junction.

To ensure the works can be undertaken safely and efficiently, the majority of works will be undertaken at night from **Thursday, 9 September 2021 for approximately one week, weather permitting**. Hours of work will be between 7pm and 6am, Monday to Friday.

Gorge, Silkes and Pattinson roads will remain open during the works with temporary speed and lane restrictions in place. Please take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access. Where required, signage will be in place to direct pedestrians and cyclists to alternative access routes. Every effort will be made to minimise impacts to the community.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

Access to properties will be maintained throughout the works wherever possible, with advance notice provided if there is a need to temporarily restrict driveway access.

Individual service providers, including, SA Power Networks and telecommunication providers will advise separately of any potential interruptions to services during these works.

The project is expected to be complete late 2021, weather permitting.

The Department appreciates your patience while this important work is undertaken.
