

Station Refresh Program Works

Kudla Railway Station

The Department for Infrastructure and Transport (the Department) is delivering improvement works at 14 stations along the Gawler rail line. The Australian and South Australian governments have jointly (50:50) committed \$20 million as part of the Gawler Rail Line Station Refresh Program.

Some minor works are required to complete the platform lighting at Kudla Railway Station. Works will be undertaken at night from **6pm Friday, 4 November to 6am Saturday, 5 November 2022**, weather permitting.

Pedestrian access will not be affected during these works and there will be no changes to train services.

Traffic management will be in place around the work site to ensure safety of our workers and the community. We ask that you follow directions and signage of the traffic management team.

During night works, temporary lighting towers will be installed along the platform to ensure safe working conditions for the team.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

For further information about these works, please call 1300 794 880 or email dit.engagement@sa.gov.au

For information about public transport services, please call Adelaide Metro on 1300 311 108 or visit www.adelaidemetro.com.au

The Department appreciates your co-operation and patience while these important works are undertaken.

Kind regards

Community Engagement Team
