

# Churchill Road Pocket Park

## Project Update

The Department for Infrastructure and Transport will create a Pocket Park near the new Torrens Road bridge, returning surplus land to the community as open green space. The pocket park will be located at Churchill Road in Ovingham.

Pocket Parks support a safer, connected, and aesthetically pleasing transport network that can enhance lifestyle and connectivity within the community. The Pocket Park will create shared open space and provide a place to pause and connect.

Once the Pocket Park has been landscaped, it will be transferred to the City of Prospect to own and manage.

The Churchill Road Pocket Park has been designed to maximise the useable open space by re-shaping the site levels, which will allow for further enhancements to the open space in the future. See the concept design over the page.

As part of the design process, we are seeking input from the community to help inform the landscaping elements of the new Pocket Park. We invite you provide your input on the landscaping palate via a range of options, including:

- completing an online survey via the project website [dit.sa.gov.au/churchillpocketpark](https://dit.sa.gov.au/churchillpocketpark)
- coming to speak with us at Churchill Road, Ovingham (just north of the Torrens Road and Churchill Road intersection) during the following times:
  - 10am – 1pm Saturday, 12 August 2023**
  - 2.30pm – 6.30pm Thursday, 17 August 2023**
- calling 1300 794 880 to speak to the project team; or
- emailing [DIT.Engagement@sa.gov.au](mailto:DIT.Engagement@sa.gov.au)

Please provide your feedback by **Friday, 25 August 2023**. Any feedback received beyond the landscaping palate will be shared with the City of Prospect for their future consideration.

Park establishment works and landscaping are expected to commence by the end of 2023 and be completed mid-2024 (weather permitting).
