

# West Lakes Boulevard Road Management Plan (RMP)

As part of the State Government's election commitments, the Department for Infrastructure and Transport is developing a Road Management Plan (RMP) for the full length of West Lakes Boulevard.

The West Lakes Boulevard RMP will identify opportunities in the short and medium term to improve the operations and safety of the road corridor for all users. It will be developed in consultation with key stakeholders and community.

The draft RMP will be released for community feedback by mid-2024.

There is currently no funding committed beyond the development of the West Lakes Boulevard Road Management Plan. This planning work will help inform future funding considerations.

## Seeking your feedback

Local insights will be used to help us better understand the current challenges and identify potential improvement opportunities.

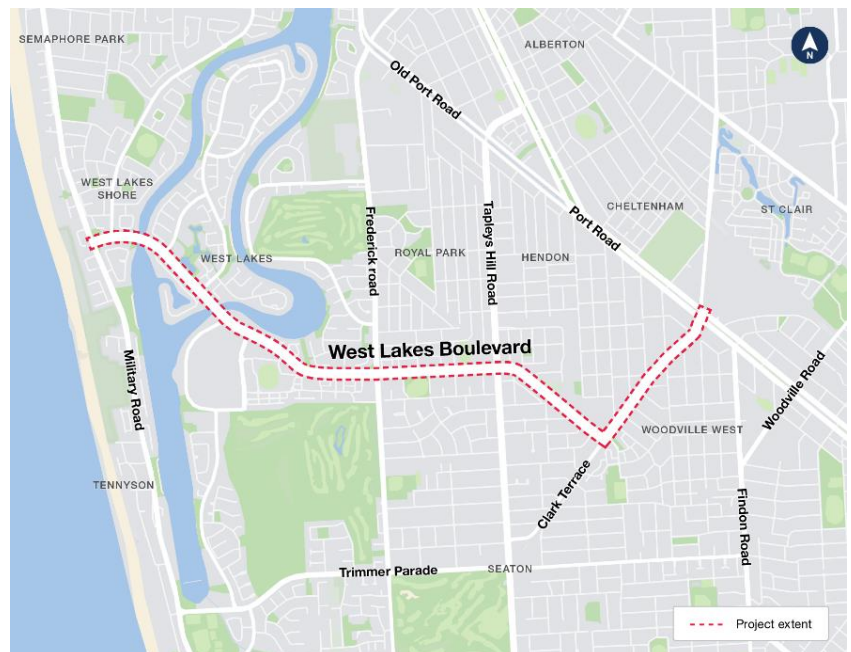

Feedback from the community will be analysed along with technical data and assessments to inform the RMP.

## Listening Posts

**We invite you to provide your feedback and insights to inform the West Lakes Boulevard RMP.**

Listening posts will be held at **Westfield West Lakes** on the following dates and times:

- Thursday, **19 October** from **5:30pm to 07:30pm**
- Saturday, **28 October** from **09:00am to 11:00am**
