

North-South Corridor Darlington Upgrade Project

18 August 2016

Utility Service Investigation Works

We are writing to advise that utility service investigation works are required to be undertaken along the following roads in Bedford Park as part of the Darlington Upgrade Project;

- Rupert Avenue
- Wentworth Avenue
- Franklin Avenue
- Main South Road Service Road

The works will involve excavation of pits and drilling along the footpath and under the road. The works will involve the use of a Hydrovac truck, tandem tippers, excavator, drill rig machine, saw cutters and light towers.

The works will be undertaken from Thursday 25 August 2016 and are expected to be finished by mid-October 2016. The works will occur intermittently between 7am and 6pm Monday to Saturday at the above locations.

Speed and lane restrictions will be in place while these works are undertaken. Traffic controllers will be on site to assist in case the works are in the direct vicinity of driveways.

We appreciate your patience and understanding while these works are undertaken.

If you have any questions at all please don't hesitate to contact us on 1300 759 334 or by email at dpti.darlington@sa.gov.au.

Kind Regards,
The Darlington Upgrade project team
