

# North East and South Para Roads Junction Upgrade Service Relocation Works

Dear Resident / Business Owner,

The South Australian Government is upgrading the junction of North East Road and South Para Road to improve safety for all road users.

As part of the project, the Department for Infrastructure and Transport (the Department) advises that service relocation works are underway along North East Road and South Para Road to facilitate the junction upgrade.

## Timing of works:

Service relocation works are being undertaken between 7am and 5pm, Monday to Friday, with some weekend works as required. The works are expected to be completed January 2021, weather permitting.

## Activities:

Service relocation works include the relocation of telecommunications infrastructure, relocation of SA Power Networks 33kV infrastructure and SA Water asset alterations.

Some vegetation removal is required to facilitate these works. Prior to these removals, the work area will be inspected by a suitably qualified flora and fauna specialist and where required, fauna will be relocated to a similar habitat. Impacts will be minimised, as much as practically possible.

## What to expect:

The junction of North East Road and South Para Road is open to traffic, with speed restrictions in place while workers are onsite. Road users are asked to observe speed limits, lane restrictions and traffic controllers when travelling through the area. Cyclists are also advised to take care when travelling through the area.

**Further Information:**

If you have any questions or would like to speak to a member of the project team, please call 1300 794 880 or email [dit.communityrelations@sa.gov.au](mailto:dit.communityrelations@sa.gov.au)

Major construction on the junction upgrade is expected to commence early 2021, with project completion expected mid-2021, weather permitting.

The Department appreciates your cooperation and patience while these important works are undertaken.

Yours sincerely,

**Community and Stakeholder Engagement Team**
