

# Porter Street, Liverpool Street and Railway Place Intersection Upgrade

## Project Update

We are upgrading the Porter Street, Liverpool Street (Lincoln Highway) and Railway Place intersection in Port Lincoln. The \$4.5 million upgrade is jointly funded by the Australian (80%) and South Australian (20%) governments as part of the Heavy Vehicle Safety and Productivity Program.

Following on-site investigations and initial planning, a proposed concept design has now been developed for the intersection.

The proposed concept design includes the installation of traffic signals as the preferred treatment, as it best achieves:

- increased safety for all users throughout the intersection
- improved traffic movements throughout the intersection
- new pedestrian (push button) crossing facilities
- improved footpaths for better access around the intersection

You can view the proposed design over the page, or on the project website at [www.dit.sa.gov.au/PorterStreet](http://www.dit.sa.gov.au/PorterStreet)

Government of South Australia

Department for Infrastructure and Transport

## Proposed concept design

## Have your say

We would now like to hear from you to gather local insights to inform the detailed design. You can provide your feedback by taking a short survey on our project website. You can also provide your feedback in person or discuss the project further with our team at the **Port Lincoln Tafe Library, 2 London Street, Port Lincoln. Our team will be available:**

- Thursday, 27 June 2024 any time between 4pm and 7pm
- Saturday, 29 June 2024 any time between 11am and 1pm

**Feedback on the proposed concept design will be open until Sunday 14 July 2024.**

## Further information

If you would like to register to receive project updates, have any questions or to provide feedback on the project, please:
