

City Tram Project

Important information for Residents/Business Proprietors

Dear Resident/Business Proprietor

The Department of Planning, Transport and Infrastructure (DPTI) would like to notify you of night works along North Terrace, between King William Road and East Terrace, as part of the City Tram Extension. The extension forms Stage One of the EastLINK, with future stages planned to the eastern suburbs through Kent Town. The extension is also the first step in the CityLINK loop around the CBD.

Night works are scheduled to commence from **Monday 27 March 2017** and be completed by **Friday 7 April 2017**, weather permitting. The works will occur between the hours of 7pm to 5am, Monday to Thursday, with the exception of Friday 31 March 2017, where works will commence from 9pm.

There will be no night works occurring on the weekend of 1 April and 2 April 2017.

Works include the continuation of service investigations to provide important information for the detailed design of the Project.

These works are being undertaken at night in order to minimise the impact to road users and to complete as safely and efficiently as possible.

Speed and lane restrictions will be in place in the vicinity of the works, however the road will remain open to traffic in both directions at all times. A 25 km/h speed restriction will be in place while workers are on site.

Every effort will be made to minimise noise impacts to nearby business and residents. However, some noise will be unavoidable during this period.

DPTI appreciates your patience and cooperation whilst these important works are undertaken.

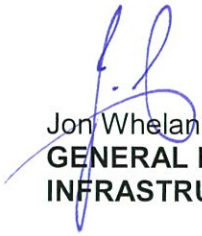

For real time roadwork information, download the *AddInsight* app for Apple and Android or visit the Traffic SA website at www.traffic.sa.gov.au
