Commencing: From Monday 5 March 2018, for approximately 5 nights (weather permitting).

Workhours: Between 7pm and 5am.

Activities: Placement of safety barriers to prepare for the construction of a new access point to the Southern Interchange area.

Traffic management: Access will be maintained via a detour (refer to map).

Speed and lane restrictions will apply in the vicinity of the works. Signage and traffic management will be in place to advise motorists of changed conditions and to direct motorists through the detour.
