

# Gawler East Link Road Project

## Accommodation Works Notification

### Main North Road – Driveway works

As part of the Gawler East Link Road Project and the Tulloch Road Intersection Upgrade, new kerb and gutter, and driveway crossovers will be installed on Main North Road, between Ames Drive and Krieg Road, Evanston Park.

**Dates:** Commencing Tuesday 28 January, weather permitting.

**Work Hours:** 7:00am to 4:30pm

Property owners are advised that driveway access to each property will be inaccessible for approximately 72 hours while these works are undertaken. Property owners will be contacted prior to works being conducted on their driveway to discuss accessibility requirements and alternate parking arrangements.

The 72 hour interruption to driveway access will allow the following works to be undertaken:

- Installation of temporary bunting and temporary access requirements.
- Excavation of the existing driveway.
- Placement of rubble base.
- Placement of new kerb at the road edge and concreting of the driveway to the property boundary.
- Time for the concrete to harden/strengthen.
- Backfilling/reinstating edges of the driveway.

There will be some unavoidable noise and vibration whilst these works are being completed. Every effort will be made to minimise the disturbance to residents as much as practically possible.

**Traffic management:** Speed and lane restrictions will apply in the vicinity of the works, with traffic management in place to advise motorists of detours and changed traffic conditions.

The Gawler East Link Road Project is scheduled for completion in late 2020.
