To ensure the safety of all road users, speed and lane restrictions will remain in place outside of the hours of works.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to local residents as much as possible.

Once the works are complete, speed restrictions will remain in place along the newly resurfaced section for approximately six weeks, to enable excess bitumen to be worn to a safe level prior to the posted speed limit being reinstated, weather permitting.

Please plan ahead and allow extra travel time, and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.
