

# Angle Vale Riverbanks College Junction Upgrades

## Changed traffic conditions and upcoming works

The Department for Infrastructure and Transport (the Department) is delivering local road improvements to support the construction of the new Riverbanks College B-12 in Angle Vale. This upgrade is funded by the South Australian Government and will improve the safety and efficiency for all road users near the College.

Works underway along Angle Vale, Riverbanks and Frisby Roads include excavation activities, installation of new LED road lighting, stormwater infrastructure works and road resurfacing.

To safely undertake these works, temporary traffic detours will be in place from **7am Monday, 20 September 2021** for the next few weeks. Please see detour map over the page and site signage for more details.

Works will be undertaken Monday to Saturday between 7am and 6pm. The temporary detours will remain in place outside of these work hours.

A 40 km/h speed restriction will be in place and lane and other speed restrictions may apply, subject to on site conditions. Road users are asked to plan ahead, allow extra travel time and take care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Access to properties, including Angle Vale Primary School and the Angle Vale Community Sports Centre will be maintained throughout the works. Every effort will be made to minimise impacts to the community.

The Department appreciates your patience and cooperation whilst these important works are undertaken.

### Further information

To find out more about the project or to register for future updates, please visit [www.dit.sa.gov.au/anglevaleschool](http://www.dit.sa.gov.au/anglevaleschool), call 1300 794 880 or contact the project team via email [DIT.CommunityRelations@sa.gov.au](mailto:DIT.CommunityRelations@sa.gov.au)

The Department appreciates your co-operation and patience while these important works are undertaken.
