

# Hindmarsh Tiers Road and Virgin Road Intersection Upgrade

## Early Site Investigation Works at the Hindmarsh Tiers Road and Virgin Road intersection.

The Department for Infrastructure and Transport (the Department) has identified upgrading the Hindmarsh Tiers Road and Virgin Road intersection with Victor Harbor Road as a top priority. This upgrade forms part of the \$685 million Fleurieu Connections Projects jointly funded by the Australian and South Australian governments.

As part of this work, ground investigations and engineering surveys are required at the **Hindmarsh Tiers Road and Virgin Road intersection**. The locations are:

- Victor Harbor Road, between Bambrick Road and Mont Rosa Road
- Victor Harbor Road intersection with Hindmarsh Tiers Road and Virgin Road

The investigations will be undertaken between **Wednesday, 14 June 2023**, and **Thursday, 22 June 2023**, between **9am** and **3pm**, weather permitting.

These investigations will help further develop an understanding of the underlying ground conditions and environmental constraints and inform the early design phase of the project.

The investigations will involve the collection of soil samples utilising a small drill rig mounted on a vehicle. Soil samples will be taken at various locations. Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents as much as practically possible.

To safely undertake these works, speed and lane restrictions will be in place during the works. Please plan ahead, allow extra travel time and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Local access to properties will be maintained throughout the work area, with advance notice provided to residents if there is a need to temporarily restrict driveway access.

The Department appreciates your co-operation and patience while these important works are undertaken. For further information or to register for updates, please:
