

Adelaide Hills Productivity and Road Safety Package

Onkaparinga Valley Road, Safety Improvements

The Adelaide Hills Productivity and Road Safety Package aims to upgrade some of the region's key strategic arterial roads. The \$150 million initiative, jointly funded by the Australian and South Australian government's (80:20), includes a range of road improvements to support economic growth, improve road safety and increase fire resilience in the Adelaide Hills area.

What to expect

Following the recent completion of road resurfacing works on Onkaparinga Valley Road, the Department for Infrastructure and Transport (the Department) will now undertake works to improve the road shoulder between Woodside and Verdun.

Works will be undertaken Monday to Friday between 7am and 5pm. These works are expected to commence from **Wednesday, 4 October** and be **completed in late October 2023** (weather permitting).

To safely facilitate these works, speed and lane restrictions will be in place through the area as works move progressively along Onkaparinga Valley Road. Speed restrictions may remain in place outside of working hours, subject to onsite conditions. Please plan ahead, allow extra travel time, and take extra care when workers are on site.

Access will be maintained for emergency services vehicles and public transport at all times.

Some bus stops within the project area may be temporarily impacted while works are undertaken, please observe bus stop signage and visit www.adelaidemetro.com.au for the latest information.

Access to properties and businesses along **Onkaparinga Valley Road** will be maintained during the works wherever possible, with advance notice provided if there is a need to temporarily restrict driveway access.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance as much as practically possible.

Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access. Where required, signage will be in place to direct pedestrians and cyclists to alternative routes. Every effort will be made to minimise impacts to the community.

More information

For all other project queries please contact the Department's Engagement Team on:

- call 1300 794 880,
