

Sturt Highway Corridor Upgrade

Pavement Rehabilitation Works

We are upgrading the Sturt Highway, between Gawler and Renmark, to improve safety and traffic efficiency for road all users. The upgrades are jointly funded by the Australian (80%) and South Australian governments (20%).

What's happening:

Pavement rehabilitation is continuing on the Sturt Highway, between Bower Boundary Road, Steinfeld and Stonefield Road, Annadale.

How this affects you:

To do this work safely, during working hours the Sturt Highway will remain reduced to a single lane of traffic with traffic signals in place to control the flow of traffic. Speed restrictions will also be in place throughout the work area. **The Sturt Highway will remain open at all times.**

Additionally, from Sunday 24 March 2024 until Friday 29 March 2024, the Sturt Highway between Bower Boundary Road and Stonefield Road, **will be reduced to a single lane, both day and night (outside of work hours), with temporary traffic signals in place to control the flow of traffic.**

No works will be undertaken between Friday 29 March 2024 and Monday 1 April 2024 during the Easter break.

Works will recommence from 6am Tuesday 2 April 2024. From this time, outside of working hours (at night) both lanes will reopen with some speed restrictions in place.

Please plan your trips, be cautious around workers, and follow the speed limits and signs.
