

# Adelaide Hills Productivity and Road Safety Package

## Main Road, Cherry Gardens Safety Improvements Project

As part of the State Government's election commitments, the Department for Infrastructure and Transport (the Department) is planning safety upgrade works on Main Road, Cherry Gardens. This project forms part of the \$150 million Adelaide Hills Productivity and Road Safety Package which includes a range of road improvements to support economic growth, improve road safety and increase fire resilience in the Adelaide Hills.

As part of the project, ground investigations are required along **Main Road**, between **Black Road** and **Chandlers Hill Road**. These investigations will help further develop an understanding of the underlying ground conditions and will inform the early planning phase of the project.

The investigations will be undertaken from **Monday, 5 December 2022** for approximately seven days between **9am** and **3pm**, weather permitting.

These investigations will involve the collection of soil samples utilising a small drill rig mounted on a light vehicle. Samples will be taken at various locations along Main Road. Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

To safely undertake these works, speed and lane restrictions will be in place during the works. Please plan ahead, allow extra travel time and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Local access to properties will be maintained throughout the work area, with advance notice provided to residents if there is a need to temporarily restrict driveway access.

The Department appreciates your co-operation and patience while these important works are undertaken.
