## Welcome to the newly extended suburb of Greenwith

If you live within the boundaries of the extended suburb of Greenwith, you may need to update some of your personal contacts. See our checklist on the following pages for suggested contacts.

Other location details such as council rates, Australia Post and emergency services will be updated by the State Government and your local council.

## Why?

This suburb extension will align residents and rate payers currently residing in the Salisbury Heights region of the City of Tea Tree Gully with the existing suburb of Greenwith.

This will provide improved access for amenities such as post and emergency services, and a feeling of being better connected to the City of Tea Tree Gully.

Community consultation saw a vast majority of support for this change.

## When?
