

# ASPHALTING NIGHT WORKS NOTICE

## Churchill Road between Regency Road and Castle Avenue, Prospect.

On behalf of the Department for Infrastructure and Transport, Boral will be undertaking road resurfacing works on Churchill Road. Works will be undertaken between Regency Road and Castle Avenue, Prospect.

These works are being undertaken to improve the safety and amenity of the road for all users.

To minimise the impact to road users, these works will be undertaken at night. Works are scheduled to commence on **Tuesday, 16 May 2023 and expected to be complete in late-June 2023**, weather permitting. Works will be undertaken **Sunday to Friday, between the hours of 7pm and 7am**. No work will be undertaken on Saturday nights.

To safely facilitate these works speed and lane restrictions will be in place. **From Tuesday, 16 May 2023 until late-June 2023, Churchill Road, at the junction of Regency Road, will be closed to southbound traffic during the above work hours.** Traffic looking to travel south on Torrens Road will need to detour via Regency Road and Prospect Road.

Further short term detours will also be required throughout the works. Please follow the directions of on-site traffic controllers and observe traffic signage when travelling through the area. Please plan ahead, allow extra travel time, and take extra care when workers are on site.

**Access to properties along Churchill Road will be maintained during these works where possible**, with advance notice provided if there is a need to temporarily restrict driveway access. Access will be maintained for emergency service vehicles.

Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access. Where required, signage will be in place to direct pedestrians and cyclists to alternative routes. Every effort will be made to minimise impacts to the community.

Temporary detours for local bus services will be required periodically throughout the works. Passengers will be directed to the nearest alternative bus stop. Some bus stops within the project area may be temporarily impacted while these works are undertaken. Please observe bus stop signage and visit [www.adelaidemetro.com.au](http://www.adelaidemetro.com.au) for latest information on service disruptions.

Some noise disturbance can be expected at times while these works are completed, however works will be managed to minimise disturbance as much as practically possible. You may also notice some odour which is common when asphaltting works are underway.

**For all operational and access enquiries, please contact Henry Rankine at Boral on 0401 895 651.**

We appreciate your cooperation and patience while these works are undertaken.

Kind regards

**DIT Engagement team**
