

UHF Radio use

The Australian Government has legislated that channels 5 & 35 on the UHF CB Band are reserved for **emergency use only**. The maximum penalties for the misuse of the legally allocated CB emergency channels are:

- For general misuse - if an individual 2 years imprisonment, otherwise \$165,000 (a \$220 on-the-spot fine can be issued in minor cases); or
- For interference to an Emergency call - if an individual 5 years imprisonment, otherwise \$550,000

DO NOT USE CHANNELS 5 OR 35 FOR NORMAL COMMS.

To ensure reliable communications on a project any of the following 21 channels can be used to ensure positive and safe communications.
