

City Tram Extension Project Update

May 2018

The Department of Planning, Transport and Infrastructure (DPTI) would like to provide an update on the finishing works along North Terrace, between King William Road and East Terrace, and along King William Road, as part of the City Tram Extension.

Major infrastructure works are complete, with finishing works, including the safety critical commissioning of rail signalling and electrical testing remaining. Other finishing works include, works to the platforms on North Terrace and King William Road, final line marking, asphalt and kerbing works.

Test trams are currently scheduled for mid May, followed by two weeks of driver training, with Trams services anticipated to commence late May.

Speed and lane restrictions will be in place in the vicinity of the finishing works, however the road will remain open to traffic in both directions at all times. Speed restriction will be in place while workers are on site. Access to businesses and properties will be maintained throughout the works.

Every effort will be made to minimise noise impacts to nearby residents and businesses. However, some noise will be unavoidable during this period.

DPTI appreciates your patience and cooperation whilst these important works are undertaken.

For real time roadwork information, download the *Addinsight* app for Apple or Android or visit the Traffic SA website at www.traffic.sa.gov.au.

To receive project updates via text or email register your interest at www.citytramextension.sa.gov.au.

If you have any enquiries please telephone 1300 030 919 or email DPTI.CityTramExt@sa.gov.au
