

# Crafers Park 'n' Ride

## Start of works

The South Australian Government has committed to delivering additional parking at the Crafers Park 'n' Ride facility.

### What's happening:

The additional parking will be built to the southeast of the existing Crafers Park 'n' Ride, next to the Crafers off ramp (westbound) and the South-Eastern Freeway.

Construction is about to start and a site compound will be set up alongside Waverley Ridge Road, near the roundabout.

To allow us to deliver the new facility, some vegetation removals are required. Every effort has been made to minimise the impact to vegetation wherever possible. A vegetation management fact sheet is available on the project website.

### How this affects you:

Temporary speed restrictions will be in place. For safety reasons, restrictions will stay in place when workers are not on site. Please plan your trips and observe signage.

Some noise disturbance can be expected at times while these works are completed; however, the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

We thank you for your patience during these important works.
