The \$150 million initiative is jointly funded by the Australian Government (80%) and South Australian Government (20%) over five years.

What's happening

We are undertaking investigation works along North East Road/Torrens Valley Road between Houghton and Gumeracha.

These investigations will help inform future upgrades in the area.

Works will include vegetation surveys, embankment assessments, and geotechnical and pavement drilling investigations.

How this affects you

Works will be undertaken at various locations with short term speed and lane restrictions in place as required.

Please plan your trips, be cautious around workers, and follow the speed limits and signage.

Outside of working hours, North East Road/Torrens Valley Road will be fully open with no restrictions in place.

Minor noise disturbances can be expected while works are being undertaken, but we will minimise any disturbance to residents as much as practically possible.

Access to properties will be maintained for the duration of works.

We are planning for improved and safer roads across the Adelaide Hills

Ensuring our roads are well maintained

Investigating to achieve the best outcomes for North East Road
