## Darlington Upgrade Project

### Flinders Drive bridge beam installation Weekend traffic restrictions 2-5 February 2018

Major changes to traffic conditions will be in place at and around the intersection of Flinders Drive and Main South Road, Bedford Park from 8pm Friday 2 February until 6am Monday 5 February 2018, for the Darlington Upgrade Project.

The changes will enable the installation of beams for the new Flinders Drive bridge.

#### **Traffic Management**

- The traffic signals at the intersection will not be in operation throughout the weekend, with motorists directed by on-site traffic controllers.
- The right turn out of Flinders Drive onto Main South Road will not be permitted. Vehicles will be required to turn left and perform a u-turn on Main South Road just south of Brookside Road.
- Vehicles turning right from Main South Road into Flinders Drive will be reduced to one lane.
- Traffic on Main South Road through the work site will be reduced to two lanes in each direction.
- Emergency services access and bus access will be maintained at all times

Please see the map overleaf for further details.

Two large cranes, smaller support cranes, trucks and lighting towers will be used.

The bridge beams will be transported along Main South Road on heavy haulage transporters with specialist police escorts. This will result in short-term stoppages of southbound Main South Road traffic as required.

Due to the length and weight of the beams, their installation is dependent on favourable wind speeds. If wind speeds exceed the allowable limit, the works will not be able to proceed as planned and will be rescheduled. We will provide you with advice on the rescheduled date if this occurs.

Every effort will be made to minimise noise and disruption while these works are undertaken and we appreciate your patience and understanding.

Please plan ahead, allow extra travel time, take extra care when workers are on site and observe speed and lane restrictions when travelling through the area.

If you have any questions or would like to speak to a member of the project team please call 1300 759 334 or email: [enquiries@gatewaysouth.com.au](mailto:enquiries@gatewaysouth.com.au).

Kind Regards,
